NYP Real Estate Guide **Home**

Lady's still a looker — and so is Parker

Lady Gaga

Sarah Jessica Parker

Some recent Gimme Shelter regulars are still keeping brokers busy.

For the last two weeks, we've covered **Lady Gaga's** apartment search. She's been dressed in outrageous outfits and sometimes had her more low-key rocker/boyfriend **Luc Carl** in tow while looking for a rental in the \$20,000 to \$25,000 range.

But this week, Gaga and Carl saw a four-bedroom penthouse at SoHo Mews that is only officially for sale, listed for \$9.975 million. The 3,468-square-foot condo has a hot tub set on a 1,591-square-foot wrap-around terrace.

Meanwhile uptown, **Sarah Jessica Parker** is continuing her home hunt on the Upper East Side.

Moving on from last week's \$29.8 million penthouse at 610 Park Ave., she has since checked out a \$24.5 million, 11,875-square-foot townhouse at 870 Park Ave. The six-bedroom, six-bathroom home is four floors.

Parker also looked at the \$20 million former Woolworth mansion at 2 E. 80th St. That's a 6,850-square-foot, six-bedroom, 6½-bath residence.
